Cinematic Chatter

By Malcolm Millar

Hello everybody! Feminine movie stars need not set their caps for Roc Hudson, one of Hollywood's most eligible young bachelors. Rock has discovered that it's more fun and more relaxing dating non-professionals. "It's too hard to keep up with actresses," says the 6-foot 4-inch, 190-pound Rock, who has completed "Scarlet Angel." "When a fellow works steadily as I've been working during the past year he needs relaxation when he goes out in the evening. You can't relax when you're with a film beauty. She's got such a driving ambition that she can't think of anything but her career and the picture business. After hearing nothing but shop talk all day on a movie set," he continues, "I don't want to hear it when I go out in the evening." Rock further maintains that when a fellow takes an actress out he's expected to take her to the usual haunts frequented by other players. "Take a non-professional out and there are plenty of places off the nightclub circuit where she'll like to eat. She doesn't feel she has to be seen in the right places." Hudson, a native of Winnetka, Illinois, played his first starring role with James Stewart in "The Bend of the River." He was a mail carrier for a time in Hollywood before being signed to a Universal International contract. According to many of those who know the "swine" of things in the film capital, Rock is going places but fast—much faster than "carrying the mail." See you at the movies—Mal.

Do you have Series E Defense Bonds coming due this year?

Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile, keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

51 Percent Increase In Operating Funds Asked In Tally

TALLAHASSEE—State budget requests show a 51 per cent increase in operating funds has been asked by the State Auditing Department for the 1953-55 biennium.

The department is asking the legislature for a total of \$958,640 for the two-year period starting next July. The 1951-53 appropriation was \$631,744.

Salaries would be raised and eight new auditors would be employed in the proposed expansion. State Auditor Bryan Willis would get a raise, as would his assistant, A. J. Henry. Nine assistant auditors would move up in pay and those in the lower auditing brackets would also get more.

Willis has frequently said that he loses many auditors to private jobs paying more money.

Outdoor Party For Junior Blue Devils

Members of the Pahokee Junior High football squad and the cheerleaders celebrated the end of their football season at an outdoor party and wiener roast given at the city park by their parents, with Clarence Pearce and Frank Gillis of Pahokee and Charles Hitchcock and Mrs. Juanita Harlow of Canal Point in charge of arrangements.

Donald Waddell was voted the best back on the junior team during the past season and Richard Weeks, outstanding in the line. These two boys will be the first to receive the newly established Rotary Club awards to be presented annually to the best back and lineman on the junior high team.

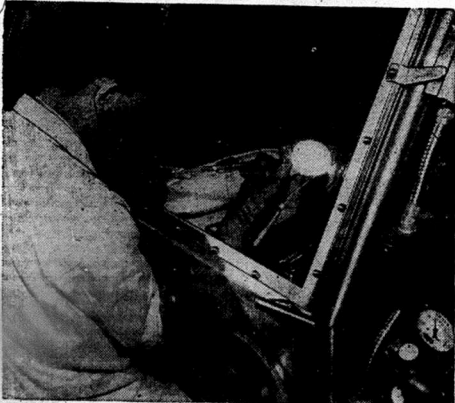

Coach Leland Keene reviewed the team's activities during the past season and declared that the material in this year's squad was much better than the season's record of one win and five defeats indicated. Members of the junior squad who are being advanced to next year's varsity included Chat Clark, Douglas Gillis, Buddy Parker and Donald Waddell, backs; Dale McClelland and Norman Clay, ends; and Homer Latham, guard.

Two Billion \$\$\$ Needed For Roads

GAINESVILLE — Highway and survey engineers attending a recent conference at the University of Florida were told that improvements of the Florida road system to adequate standards over the next 20 years will cost over two billion dollars.

Costs of maintenance, administration and miscellaneous items for the road system were estimated at \$2,313,000,000 by Lawrence S. Waterbury of a New York engineering firm.

Waterbury said total anticipated revenue from all sources is \$1,751,114,000. This will leave a deficit of \$561,886,000.

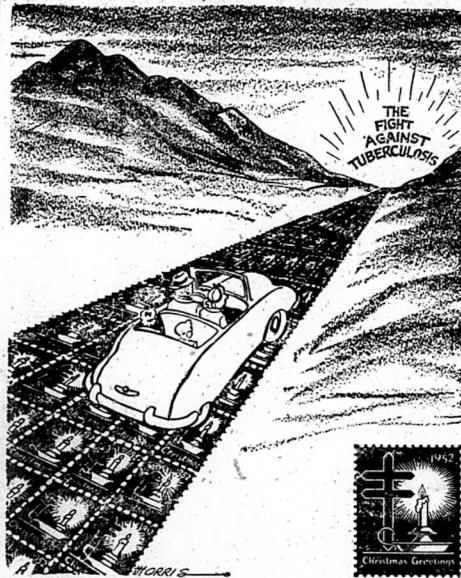

What Florida's primary system needs is not more roads, but better roads, Waterbury added, with the existing network being reasonably adequate with vast reconstruction needed. He also pointed out that present revenues will not meet future needs and the toll road principle offers "the most feasible and realistic approach to some of Florida's pressing highway problems."

The engineer added that "the only feasible answer . . . to Florida's predominant arterial highway problem is a system of limited access toll highways roughly from Jacksonville to Miami and from the vicinity of Daytona Beach to the Tampa Bay area." The construction cost was estimated to be 242½ million dollars.

Berry - Rawls

Mr. and Mrs. Sam Berry of Pahokee announce the engagement of their daughter, Miss Jacquelyn Berry, to Pvt. Billy R. Rawls, Camp Rucker, Ala., son of Mrs. Maribelle Rawls, Pahokee, and William L. Rawls, Tampa.

Miss Berry attended Florida State University, Tallahassee, following her graduation from Belle Glade High School in 1950. She is now employed in the bookkeeping

department at the Bank of Pahokee.

Mr. Rawls, a graduate of Pahokee High School, Class of 1947, received a BS degree in agriculture from the University of Florida, Gainesville, in 1951. He was a member of Lambda Chi Fraternity at the University. He taught agriculture to veterans at Homestead for several months after graduating from the university before joining the Armed Service.

Wedding plans will be announced later.

Old Battle Rages Over Fish Seining

TAMPA—The ease and regularity with which a Floridian or visitor may bring home a respectable catch of fish is at issue in a controversy over seining in certain lakes by the Florida Fresh Water Fish Commission.

Approximately 500,000 residents and tourists fish for pleasure and ask for a reasonable measure of success and various efforts have been made to maintain and improve the quality of Florida fresh water fishing.

On the advice of biologists, the commission is now permitting commercial fishermen to take out and sell crappie, bream, shellcracker and catfish from certain lakes. They must throw back bass, but take in and destroy gar, mudfish, gizzard shad and other trash fish.

This is the commission's plan to improve bass fishing. But it is opposed by strong interests, particularly the Florida Wildlife Federation. Suits have been filed and injunctions issued, but the seining is still going on.

An element that has added fuel to the fire is the old feud between sport and commercial fishermen. Opponents say the commercial fishermen hold a monopoly and are selling Florida's game fish. Commission biologists say the program is necessary to maintain a "balance" of fish in the lakes and eliminate those species that destroy the game fish.

Florida's Cypress Gardens is now being groomed for a big technical movie featuring some of the outstanding stars of musicals, including Esther Williams.

Florida Citrus Mutual figures this state's orange growers last season received about 25 cents more per box on the tree than it cost to grow the fruit.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

Christian Science Group Of Canal Point

Theme of services in all Christian Science churches next Sunday is that men can now relinquish a material, limited viewpoint and begin to perceive spiritual reality. "SOUL AND BODY" is the subject of the Lesson-Sermon.

A verse from Psalms (84:2) provides the Golden Text: "My soul longeth, yea, even fainteth for the courts of the Lord: my heart and my flesh crieth out for the living God."

Bible citations will include: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory even as by the Spirit of the Lord" (II Corinthians 3:18).

Corresponding passages from Science and Health with Key to the Scriptures by Mary Baker Eddy include: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things" (p. 264).

The official board of the Pahokee First Methodist Church, at a meeting Thursday night of last week with Chairman Marshall Lair presiding, voted to remodel the church choir loft and to contribute \$10 a week to the Youth Fellowship group for supplies and entertainment.

The Rev. Rembert A. Guy, pastor, announced Wednesday night prayer services through the month of December will be presented by the following church groups: Dec. 17 by the official board with O. B. It was also announced special Thanksgiving services will be held in the church auditorium Thursday evening, Nov. 26, from 7 to 7:45.

Mrs. Ruth Hatton was named by the board as church custodian.

Youngster Drowns In Drainage Canal

Glades drainage canals, which have snuffed out the lives of an alarming number of toddling youngsters, claimed another victim Tuesday afternoon when the drowned body of Wesley Clark, five-year-old son of Mr. and Mrs. Hiram Clark, was found in one of the ditches at the Daley Ranch, 15 miles east of Belle Glade.

Mr. Clark is an employee at the ranch and the Clark family lives in one of the ranch houses. The lad's mother missed him around noon but was told he was with a group of field hands and did not become alarmed until these men returned to the ranch house around 1 p. m., and informed Mrs. Clark that her small son had not been with them. R. S. (Scotty) Burr, ranch manager, then called in all ranch hands for the search that came to a tragic end at 3 p. m. with the finding of the boy's body.

Survivors, in addition to the parents, include a brother, Ralph; two sisters, Ginger Frances and Barbara Elaine; and the grandparents, Mr. and Mrs. Oscar Hyrns, Orlando, and Mrs. W. T. Allen, Tampa. The body was sent to Kissimmee Thursday for funeral services and burial. Berry's Funeral Home was in charge of local arrangements.

Local Elks Hear District Deputy

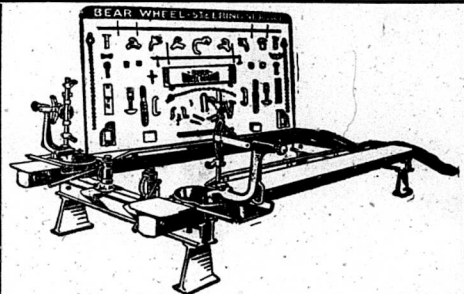

Pat Lemoyne of Fort Myers, district deputy grand exalted ruler, Benevolent and Protective Order of Elks, paid an official visit to the Pahokee Lodge 1638 Thursday night of last week and, in an address to local elks, outlined the Grand Lodge program for the coming year.

It was announced the Pahokee Elks Lodge will sponsor a Thanksgiving Eve dance in the Elks Hall Wednesday night, Nov. 26, following the annual football game be-

tween the Pahokee Blue Devils and the Belle Glade Golden Rams on Lair Field. Admission to the dance will be in the form of a minimum \$5 donation to the Harry-Anna Crippled Children's Home at Umatilla, all donations going to the home.

Introduced as distinguished guests were past district deputies W. E. Poland and J. Alex Arnette of West Palm Beach and Ed Williams of Fort Lauderdale; also A. E. Kirchman of Belle Glade, vice sociation.

Rupert Mock and Thadd Whidden were in charge of arrangements for the barbecue dinner.

This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST
10 EXTRA YEARS**

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

SERIES H. A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Hibiscus Circle Met Tuesday A. M.

Menninger of Stuart and the various circles will sponsor special booths for the sale of refreshments, fruit cake, magazines and hand work.

The group voted to replace 20 undesirable hibiscus bushes in the city park with an improved single red variety. Reports on the recent district meeting at the George Washington Hotel in West Palm Beach were given by Mrs. Frank Friend, club president, and by Mrs. Don Hillier.

An invitation was read from the Stuart Garden Club inviting members of the Pahokee-Canal Point Club to attend Dorothy Bidde Day at Stuart on Nov. 25.

The program topic, "Foliage Plants," was presented by Mrs. Ruth V. Meredith.

Express Company Asked To Explain

The Florida Railroad and Public Utilities Commission at the instigation of the Pahokee Chamber of Commerce is calling upon the Railway Express Agency to give good and sufficient reason for its dropping without explanation its delivery service in Pahokee-Canal Point area two years ago, according to Ralph O. Johnson, chamber president.

After receiving no reply from the railway company as to why the express delivery service was discontinued, the Chamber of Commerce contacted Bolling Stanley, secretary of the ERPUC, on Oct. 20 on an on-Nov. 7 Stanley acted for the commission in demanding an accounting from the Railway Express Agency stating "We are unable to find any record of the commission's having authorized discontinuance of this service—the commission requests that you advise it of your authority for having done so."

This past week Mr. Johnson wrote FRPUC "In case of a public hearing in regard to the discontinuance of the Pahokee-Canal Point express delivery service, we would like an opportunity to be heard."

Bride-To-Be Is Honored At Party

Mrs. F. M. Shaughnessy entertained recently at her home on Bacom Point Road with an afternoon tea in compliment of Miss Patricia Guettler of Fort Pierce, who will become the bride of Mrs. Shaughnessy's son, Edgar Shaughnessy, at St. Anastasia Church in Fort Pierce Thanksgiving morning, Nov. 27. Also guests of honor were Miss Guettler's mother, Mrs. Vincent Guettler, and sister, Miss Regina Guettler, both of Fort Pierce.

The hostess made use of gladioli and chrysanthemums in decorating the living and dining rooms. The tea table, covered with an imported embroidered linen cloth, had an attractive arrangement of white button chrysanthemums and sweetheart rosebuds as a centerpiece. It was laid with silver tea service and was lighted by tapers in triple silver candle holders.

Assisting with the serving were Mrs. G. Lawton Sims and Mrs. Faust Durden, Canal Point; Mrs. Otto R. Blech, Pahokee, and Mrs. Howard Payne, Belle Glade. Approximately 75 guests attended.
